Two links I found last night that are worth checking out.

First is a video posted by Navajo President Begaye showing the actual site of the release and explaining what he was told happened by a contractor on-site. The video is about midway through the article and begins in Navajo but switches quickly to English.

<http://www.indianz.com/News/2015/018500.asp>

Second is history of the area surrounding Gladstone, CO and includes some interesting info on the history of the Gold King Mine.
